

### Passport PVC Decking

*The True Look of Exotic Hardwood*

Passport is a revolution in the world of decking. It has the rich, multi-shaded wood grain of tropical hardwood, but it's made from cellular PVC. You no longer have to choose between style and function.

- 100% American made
- Solid core cellular PVC, no organic fillers. Never have to sand, paint or seal.
- Will not swell, split, crack, splinter, decay, or warp – completely weatherable.
- Fade, mold, and stain resistant, extremely low maintenance.
- A beautiful wood-grain surface that is designed to improve wet or dry skid-resistance.
- Easy to install — no pre-drilling required.
