

Trailways PVC Decking

Affordable Performance to its Core

Trailways Decking; It has all the benefits of premium cellular PVC but at a popular price. The Earthtone core is made with recycled PVC, creating natural core variances similar to a composite...but it's all PVC.

- 100% American made
- Solid core cellular PVC, no organic fillers
- Dual extruded, so cap & core create a true bond, will not delaminate
- Will not swell, split, crack, splinter, decay, or warp
- Fade, mold, and stain resistant, extremely low maintenance
- Easy to install — no pre-drilling required

Decking Color Options

			Lengths	Color
		Square-edge Only	16' _____	_____
Walnut	Grey	Sq/Ft X 2.2 = LF LF / Length = #'s	20' _____	_____
			12' _____	
		Grooved-Edge Only	16' _____	
Brown				

Rim/Fascia Color Options

	Widths	Color
Available in the same decking colors - 12' Lengths	7 ¼ _____	_____
Perimeter divided by 12' minus width of stairs = #'s	11 ¼ _____	_____

Fastener Option www.gossencorp.com/fasteners.php

Hidden Face Fastening Screws with Color Matching Plugs Packages (sized for 16" O/C)

16" O/C joist spacing, deck perpendicular Sq/Ft x 3.5 = #'s Box 350 screws _____

12" O/C joist spacing, deck perpendicular Sq/Ft x 4.7 = #'s Bucket 1050 screws _____

*Add one-third to total if decking is diagonal to joists

10" O/C joist spacing on stairs Sq/Ft x 5.3 = #'s

A strong connection between the deck board and joist.

It hides fasteners across the entire deck, first and last board, perimeter, and stairs.
